

Custom Plastic Cable Tray Manufacturer

AI Overview

Leading manufacturers of plastic cable trays include Canford, Basor Electric, and Trayco, offering durable, non-corrosive, and customizable solutions for cable management. Key Manufacturers and Products Canford specializes in rigid, unplasticised black PVC cable trays that are self-extinguishing and non-flammable. Their trays are supplied in 2-meter lengths with widths of 105mm and 180mm, and a thickness of approximately 2.8mm. Canford also provides matching fixing brackets and offers custom lengths and colors for orders of 500 pieces or more, making them suitable for large-scale installations and cost-effective cable management. Basor Electric offers a wide range of cable tray systems, including plastic options, with comprehensive technical support. They provide BIM 3D models, CAD drawings, and dimensioning tools to help integrate cable trays into engineering projects efficiently. Their solutions are designed for both indoor and outdoor applications, emphasizing ease of installation and project-specific customization. Trayco manufactures plastic cable trays with integrated ends, focusing on lightweight designs and ease of assembly. Their trays are engineered to maximize capacity, offering up to 50% extra space in certain applications compared to other brands. Trayco also provides project-specific advice and customized quotes, making them a flexible option for specialized installations. Additional Options Other notable manufacturers include Atkore International, ELCON Cable Trays, and Sunil Engineering Corporation, which offer FRP and other plastic-based cable trays along with accessories and fittings. These companies provide solutions for both standard and customized installations, catering to industrial, commercial, and energy sector projects. Considerations for Selection When choosing a plastic cable tray manufacturer, consider: Material and fire resistance: PVC or FRP options for non-corrosive and self-extinguishing properties. Dimensions and load capacity: Ensure trays meet project-specific require...
