

Data Center PDU Manufacturer Direct Sales

AI Overview

Leading data center PDU manufacturers offering direct sales include Schneider Electric, Eaton, Vertiv, Legrand (Raritan/Server Technology), Delta Electronics, and specialized Chinese suppliers like Orient Tech and Ningbo Yosun.

Global PDU Manufacturers and Direct Sales Options

Schneider Electric (APC): Offers a wide range of PDUs including NetShelter Rack PDU Advanced and EcoStruxure IT-ready PDUs. Their products support real-time remote monitoring, high-density AI clusters, and integrated cooling compatibility. Schneider Electric provides direct sales through regional offices and online channels, with options for customization and enterprise support.

Eaton: Provides Rack PDU G4, High Density (HD), and Universal PDUs (UPDU) with a focus on energy efficiency, redundancy, and security. Eaton supports direct procurement for enterprise and colocation data centers, including high-volume orders and custom configurations.

Vertiv: Known for Vertiv Geist Metered rack PDUs, offering reliable power delivery with local LED displays and 100% reliability testing. Vertiv facilitates direct sales globally, with support for critical IT infrastructure and custom PDU solutions.

Legrand (Raritan and Server Technology): Specializes in intelligent rack PDUs with advanced monitoring, hot-swappable power cord changes, and high-density solutions. Direct sales are available through their subsidiaries, with customization for enterprise and hyperscale deployments.

Delta Electronics: Offers space-saving, scalable PDUs with strong power protection and monitoring. Delta supports direct sales for data centers, emphasizing energy efficiency and adaptability to future reconfigurations.

Chinese PDU Manufacturers

Orient Tech Limited (Guangdong/Shenzhen): Focuses on smart, IoT-enabled PDUs with robust R&D capabilities. They handle large-volume orders and provide direct sales with customi...
