

Huijue Technology Fiber Optic Distribution Frame

Overview

Equipped with LC/UPC adapters, the ODF supports up to 96 fiber cores, delivering low insertion loss and consistent performance for short- and medium-distance optical links commonly used in access and transmission networks. In fact, the fiber.

Company Introduction: Established in 2001, Shanghai Huijue Network Communication Equipment Co., Ltd (HJ Network for short) is the leading manufacturer and solution provider for telecom and communication products. Fiber Optic Distribution Frame (or shortened as ODF), is used to form and. Huijue Communication Equipment specializes in producing ODN product series, including jumperless optical cross-connect cabinets, optical fiber distribution boxes of various core counts, optical cable joint closures, termination boxes, and other optical distribution network equipment.
