

Price List of Ladder Cable Tray Manufacturers

AI Overview

The installation price of ladder-type cable trays typically ranges from ₹90 per meter for basic hot-dip galvanized trays to \$25-\$50 per meter depending on material, size, and installation complexity. Material Cost Ladder-type cable trays are available in various materials such as hot-dip galvanized steel, pre-galvanized steel, aluminum, and FRP (fiberglass). In India, suppliers like JP Electrical and Controls and Global Manufacturers offer ladder cable trays starting at ₹90 per meter, while Parmar Metals offers them at ₹98 per meter for standard hot-dip galvanized options. Premium materials like aluminum or FRP can cost more due to corrosion resistance and durability. Installation Cost The installation cost per meter depends on several factors: tray material, size, design, and complexity of the installation environment. Ladder trays are generally more economical than solid-bottom trays because their open design uses less material and allows easier cable access. For steel ladder trays, installation costs typically range from \$5 to \$25 per meter, while aluminum trays may cost \$6 to \$30 per meter, and FRP trays can range from \$10 to \$50 per meter depending on specifications and environmental conditions. Accessories and Labor Installation also requires supports, brackets, couplers, bends, tees, and reducers, which add to the total cost. Manufacturers like ELCON Global and Vinfab Engineers provide these accessories along with professional installation services to ensure secure and compliant cable management. Labor costs vary based on project scale, mounting method (wall-mounted, ceiling-hung, or floor-supported), and local labor rates. Summary Basic hot-dip galvanized ladder tray: ₹90-₹100 per meter Aluminum ladder tray: \$6-\$30 per meter FRP ladder tray: \$10-\$50 per meter Installation and accessories: Additional, depending on complexity and labor Re...
