

What does 1930 refer to in the 817c1930 optocoupler

Overview

Broadcom Inc's HCPL-1930 is an optocoupler logic-out open collector dc-in 2-ch 16-pin cdip. Note: Dimensions in millimeters (inches). This option is available on commercial and hi-rel product. DLA Drawing part numbers. Image shown is a representation only. Find the best price and datasheet for HCPL-1930 by Broadcom: LOGIC IC OUTPUT OPTOCOUPLER; Mounting Feature: THROUGH HOLE MOUNT; Terminal Finish: NICKEL GOLD; Minimum Operating Temperature: -55 Cel; Additional Features: OPEN COLLECTOR, HIGH RELIABILITY; Minimum. The HCPL-1930 is a commercial grade two channel hermetically sealed high CMR line receiver optocoupler in a 16-Pin ceramic DIP package. Gold plated leads, solder dipped and various lead form options are also available. Manufacturer: AVAGO TECHNOLOGIES LIMITED. The products are capable of operation and storage over the full military temperature range and can be purchased as either a standard product or with full MIL-PRF-38534 Class Level or K testing, or.
